Minutes of Directors Meeting May 26, 1959

The meeting was held at the home of President Al Schoettlin W9UMS, and was called to order at 7:30 PM. There were 12 present, plus W9MOK John McCutcheon who was there to explain the Clubs insurance set up.

Treasurer K9GEO reported a cash balance of \$760.41 as against \$472.94 at the first of the year..

Al brought out that the Station Wagon and Trailer had only been used two times last year (Field Day and HamFest) and the Club had spent \$158.85 for Liability Insurance to cover this limited usage. Since we are committed to use the equipment on Field Day, we have no choice, but to renew the insurance now due. John announced that in the event, that the club disposed of the Trailer and Station Wagon, a refund on the unused insurance would ~~XXXXXX~~ be made.

It was brought out that the club as a non profit organization had never been assessed any property tax. If this should happen, there would be more expence attached to the owning of this equipment.

Al asked for a discussion and a vote on what we should do with the equipment; Should we keep present equipment and put it in best possible repair; Or should we sell the Truck and Trailer and procure more mobile equipment, that could be put to use at a moments notice, in case of emergency and might also be put to more regular use.

The Trailer and Truck is not as mobile as the CD Bus. It requires the services of more than one person to connect up the hitch is difficult for an inexperienced person to manouver. It is more roomy than the Bus and in case of motor or other mechanical failure another truck could be pressed into service. The Bus would be Immobile under these conditions. With the Power generator mounted in the truck, all space in the trailer can be used for radio equipment. Truck can be parked at a distance to minimize noise interference. The truck needs some repairs such as brakes etc.

Roland K9MVX offered a motion, seconded by Jim K9JQN that Al appoint a Committee to go to Camp Atterbury or other Surplus Depot, or other suitable place they saw fit, to purchase any vehicle suitable to our purpose, with club funds, to a maximum of \$200.00. Ballots were passed and the vote was tied. Al suggested that all those present view the trailer and bus before any decision is made. June 2nd. was set for this meeting at the trailer. In regard to the Surplus gear; Roland wrote to Senator Hartke enquiring about it and received the reply that the club is eligible to buy thru CD. Mr. Gianninnni has been contacted and promises every cooperation.

Roland is also working on an idea regarding a Club House and club station property to be donated to the club. More on this later.

The site chosen for Field Day on ALCOA property, East of Newburgh was discussed. Also the possibilities of the club winning this year. WPDGA deplored the loss of a good many contest operators.

The site for Hamfest was chosen ~~by~~ <sup>103</sup> by a vote of 7 ~~to~~ for the Eagles Picnic Grounds on ouster Pollack Ave. Will cost \$50.00.

The Seaton was asked to write to Budd Gross and advise them not to hold 5th from forth Hamfest. *CONTINUED*
